Jake and Jerrod Wilson found the richest vein of gold in California’s Mother Lode! Now it’s 1869. 20 years of hard work has made their mine very successful. Most of their mining profits were sent home to Mr. Quail, a banker and family friend, who has been investing them wisely. Mr. Quail sends news from home and it’s not always good. A gang, who Jake and Jerrod personally knew, has taken hold of Brooklyn and has become very powerful.

Jake and Jerrod decide to sell their mine and travel home on the newly constructed Transcontinental Railroad. The brothers have evidence that should send William Tweed, the boss of the gang, to prison for the rest of his life, but the boss has heard that they are coming and plans to stop them from ever returning to Brooklyn. A contest of wits has begun with “Boss” Tweed.

Will the two brothers beat the challenges and save Brooklyn? The developer of the original and Marco Sowa of Sunlight Games have spun an exciting story that never loses its tension.

The adventure contains over 80 pre-rendered scenes and offers a lot of fun with many exciting puzzles. The atmospheric music, the voices, as well as the modern point & click control make the game interesting for all adventure fans.
