Normal version and Special Edition compared

The remake of the normal PC version will be released and includes, a DVD, a manual, a DVD case and paper slipcase with a flap. Also Gold Rush! Anniversary comes along in a limited Special Edition which includes: the normal PC version of the game, a "Sierra-box" with a printed banderole, a printed booklet with previously unpublished concept drawings from the developers from the 80s, a making of booklet, a certificate with the serial number, a golden coin in Gold Rush! Design and a poster on high-quality paper with the routes of the game in large format. The Special Edition is limited to 350 pieces and available now in the online shop of Sunlight Games for pre-order. The first 66 orderers get the PC box of Gold Rush! Classic even as a bonus for free. The language of the box-version can be chosen in the shop, English or German.

A greenhorn conquers the West

The new version of the over 1.3 million copies sold adventure classic of Sierra combines the best story of the reporter Jerrod with current graphics and modern innovations. Jerrod lives a relaxed and comfortable life in Brooklyn, New York, as a mysterious letter rips him from his usual life: his lost brother, Jake asks him to travel to California immediately. However the travel arrangements are abruptly interrupted by the message of a spectacular discovery of gold in California. Immediately an incredible gold rush ensues – will he reach the West, despite the obstacles? Different control options, the English voices, as well as numerous other adjustments of today's technical standards make the remake of this adventure game attractive for fans of the classic, as well as for players who do not know the original.

Gold Rush! Anniversary - whether normal version or Special Edition – must be activated on Steam.

Gold Rush! Anniversary will be released in fall 2014 and can now be pre-ordered as normal version or in a limited Special Edition in the new official online shop of Sunlight Games: <http://shop.sunlight-games.com>.
