## **Game Tycoon 2: "DVD-update" will be released today on Steam**

**Cologne, February 26, 2016 – Today the fourth major update for Game Tycoon 2 will be released in the Early Access on Steam. It expands the game by a home and shopping mall area and adds the previously announced help system. Moreover, various wishes of the community have been added too. Also, the tutorial has been adjusted to the new scenes.**

In March, the „Red update“ will be released. It will complete the game, however this doesn't mean, the development is over then. Some new ideas and suggestions are still in development and will be released in later updates. For example the designing of customized covers or the research of own game-consoles are on top of the agenda. The team would like to keep up the discussion about the game in the Steam forums. The roadmap was updated and includes the scheduled updates.

**Games Tycoon 2** is going to be more extensive and detailed than **Game Tycoon 1**. So all of the technologies and trends from the years 1980 up until 2030 are offered and included. Games can be developed for PCs, handheld devices, smartphones or other platforms. Besides the endless game, there also are 20 missions to accomplish - an extensive tutorial helps you to get started.

**Game Tycoon 2** was released on Steam in Early Access for PC on October 30 2015. The final game will be released in March 2016 for PC, Mac, Linux, iOS and Android. It can be ordered in the online shop by Sunlight Games too at <http://shop.sunlight-games.com>.
