## **Game Tycoon 2: Updates; Mac and Linux versions are finished!**

**Cologne, April 27, 2016 – Game Tycoon 2 has left Early Access on Steam two weeks ago. There have been already two feature updates since then. For instance, more saving slots and several smaller features have been included. In the last days the Mac versions appeared on Steam and on the Apple App Store as well as the Linux version on Steam. All versions already include the updates. The mobile versions will be released soon.**

Marco Sowa from Sunlight Games: "We're very happy with the start of Game Tycoon 2 and are now looking forward to finish ports for other systems. Moreover, we are planning to expand Game Tycoon 2 with some of the features, which were asked for by the community. Therefore we would be happy if the community continued to discuss the game in the Steam forums."

**Games Tycoon 2** is going to be more extensive and detailed than **Game Tycoon 1**. So more than 170 technologies and trends from the years 1980 up until 2050 are offered and included. Games can be developed for PCs, handheld devices, smartphones or other platforms. Besides the endless game, there also are 20 missions to accomplish - an extensive tutorial helps you to get started.

**Game Tycoon 2** was released on Steam in Early Access for PC on 30<sup>th</sup> of October 2015. The final game was released on 8<sup>th</sup> of April 2016 for PC. The versions iOS and Android will be released soon after the PC release. It can be ordered in the online shop by Sunlight Games at <http://shop.sunlight-games.com>.
